Tomasz Zalewski

Lawyer Helping Tech Business | IT & AI | Cybersecurity | Public Procurement | Industry 4.0 | Simplifying Law for Business
Warsaw, Mazowieckie, Poland

Summary

Have a question? Send a message.

EXPERIENCE

✓ Attorney-at-law since 1998.
✓ I advise companies on contracts, public procurement, IT and technology projects, AI, cyber security, trust services, Web3.

INNOVATIONS

Since 2017, I have been running the LegalTech Poland Meetup community and the LegalTech Poland Foundation, which maintains, among other things, an online catalogue of legaltech tools available to Polish lawyers.

In my work I use available technology to increase the quality of my legal services.

I actively implement the principles of plain legal language.

COMMUNITY WORK AND SPEAKER

In addition to running the Legaltech Poland Foundation, I give legaltech lectures to trainees at the OIRP in Warsaw and at two postgraduate courses.

I speak at many conferences.

I am a founding member of two legal associations: Association of Public Procurement Law and Association of New Technology Law.

AUTHOR

I blog at <https://digitalbabel.legal/>

I actively share my knowledge on LinkedIn and Twitter.

OFFER

ASSISTANCE IN TECHNOLOGY PROJECTS - I prepare contracts, help negotiate them, advise on building business concepts that comply with regulations. I deal with traditional software projects as

pay a minimum wage in the public contract

well as AI, cybersecurity, trust services, blockchain or Web3 (e.g. NFT).

PUBLIC PROCUREMENT ASSISTANCE - I have been helping contractors to win public tenders for more than a dozen years, and I prepare innovative strategies for contracting authorities to conduct tenders.

TRAINING - I provide training on contracts, public procurement and new technology law issues.
